Edge Profiles

Caesarstone® recommends a minimum radius of 3mm on any edge detail for optimal strength and durability. There are many edge profiles to choose from, including single thickness 20mm or 30mm slabs, through to laminated double thickness edge options.

Wall Panels

Caesarstone® has specially selected a range of colours and designs in 13mm thickness for wall panelling.

Non-porous, mould and mildew resistant, Caesarstone® quartz surfaces are ideal for kitchen splashbacks and bathroom wall panels. Large slab sizes provide a sleek and modern aesthetic, minimising joins and maintenance.

Quartz Pioneer

Since 1987, Caesarstone® has been creating quartz surfaces in our state of the art manufacturing facilities utilizing the most advanced technologies available with the highest standards of quality control and environmental responsibility.

Whether you're looking to create exceptional personal interiors or a professional design, our four diverse collections – Classico™, Supremo®, Motivo® and Concetto® – are an ideal starting point.

Surfaces For Your Home

Caesarstone's Classico™ collection combines style and functionality with colours and designs that are ideal for numerous applications in both residential and commercial interiors such as kitchen benchtops, splashbacks, bathroom wall panelling, custom made furniture and more.

Choose Caesarstone®

Our surfaces consist of up to 93 per cent quartz, which is stronger than natural stone and one of nature's hardest minerals. Caesarstone® surfaces are resistant to stains, scratches, cracks, heat and common household chemicals. Our surfaces retain the cool, tactile qualities of natural stone while offering almost unlimited design possibilities.

The nominal dimensions of Caesarstone's slabs are 3,060mm by 1,440mm. Slab weights are 20mm = 220kg, 30mm = 330kg and 13mm = 143kg.

Caesarstone® is made from natural quartz and therefore some variation in colour and aggregate may occur. We always recommend making final colour selection from an actual sample or full slab of Caesarstone® as the colours in this brochure are only as close as modern printing methods allow.
